

Awaiting Hiring Budget Approvals for 2016?

Based on what I am hearing from several of my clients is they have doubled in size this year alone! In this great economic climate, there are always pros and cons. On one hand, you have put together a budget to fulfill your needs. On the other hand, those needs increase towards the end of the year, but you are forced to wait for budget approval in 2016 for permanent headcount. Contract staffing is a great way to fulfill this need.

Contract Staffing allows you to quickly and efficiently resolve this challenge, so that you can get back to focusing on your key strategic initiatives. Dennis Partners represents regulatory consultants throughout the US in helping you with your time sensitive filings.

Our value to you:

QUALITY: Our Regulatory Affairs Executive Recruiters utilize proprietary methodologies built around securing the highest caliber candidates. Our contract employees have the same qualifications, expertise, and professionalism that you'd expect from your core employees.

ADAPTABILITY: Utilizing a consultative approach, we deliver the appropriate staffing solution based on your company's human capital needs.

SPECIALIZATION: Dennis Partners' extensive database of Regulatory Affairs top talent, sourced from the Biotechnology and Pharmaceutical industries, allows us to fulfill your unique staffing needs.

EVALUATION: Contract-to-hire means that you can evaluate a candidate's fit with your company before extending a more permanent employment offer.

BACK OFFICE SUPPORT: Our dedicated team of back office professionals is highly trained in all payroll and administrative functions.

COST-EFFECTIVENESS: You get the resources you need, when you need them, without the overhead of permanent staff.

Please give me a call or reply to this email, to discuss your needs and how we may be able to find a short term solution that could affect your long term success.

All the best,
